Weekly Newsletter

The Den/ Nursery

Every day this week a new animal has arrived in the Den in a mystery box. We have been curious to discover why they were sent. We talked about whether we would keep them or send them back! On Tasty Tuesday we had a traditional Chinese snack. It was tricky trying to eat the noodles with chop sticks! On Freestyle Friday we celebrated our week with a dragon dance. Next week we will be going to Dragon School.

Reception

This week we have enjoyed learning about Chinese New Year. We learned about familiar traditions for this celebration. We enjoyed going on a loud dragon walk around school, banging drums and dancing like dragons. We read the story 'The Magic Paintbrush' and described the characters in the story. We also thought about what we would paint with our own magic paintbrushes. In Maths, we have been signing the song '5 Specked Frogs'. Can your child sing this at home?

Year 1

This week Year 1 have had a lot of fun in Maths, where they have been creating and exploring number lines to 20 and deepening their understanding of teen numbers. In Literacy, Year One have been beginning to innovate and plan their own 'Three Little Pigs' story, where they will include their own choice of adjectives and verbs. In foundation subjects, we have had a lot of interest in comparing our toys from in the present to in the past and we have also been learning about a variety of materials in Science.

Year 2

This week we have been innovating the text in Literacy. Creating our own character description. In maths, we have been practising our times tables and working hard on our mental recall.

We have started to compare countries in Europe and the UK in geography.

HPPS DSL Team

If you are ever concerned about the safety or well-being of someone at our school, please talk to one of the schools Designated Safeguarding Leads.

Weekly Newsletter

Year 3

This week in Year 3 we have been creating a discussion text with a range of ideas including should we have 9 weeks off in summer or shall we have class pets! In maths we have been working so hard learning how to multiply a 2 digit number by a 1 digit. In science we have been investigating permeability of rocks, we have tested rocks by dropping them, crushing them and left them in water ready to give the Stone Age boy a recommendation which rock is best for him to use.

Year 4

This week in Year 4 we have been focusing on persuasive texts and may have even convinced their teachers to buy a bubble machine! In Maths, we have started our new unit of area, focusing on finding the area using squares. We have enjoyed our music lessons and learning about local Tyne River. The children have focused on phonemes in our Spanish lessons and did some impressive translating. Well Done Year 4!

Year 5

Year 5 children have come to an end of their Multiplication and Division unit in Maths. We have been very impressed with their fluency skills of some difficult Maths processes, where they have also challenged themselves with a range of problem-solving questions. Children have started their new Suspense Unit in Literacy, exploring different ways on how to build suspense in our writing.

Year 6

This week in Year 6, children have completed their 'Warning Tale' work and we are really impressed with the effort they have put into their Hot Writes. We are moving onto a 'Diary entry'. This work will be based on Anne Frank, so, any additional research at home would be greatly appreciated. In Maths, we have completed our unit on Fractions, Decimals and Percentages. Children have worked hard on this unit and have really deepened their knowledge.
